MEMORANDUM FOR: Chief, Operations School

SUBJECT: Weekly Activity Report No. 9 - [redacted] 25X1
Period 22 through 28 February 1955

I. SIGNIFICANT ACTIVITIES:

Nothing to report.

II. OTHER ACTIVITIES:

a. Forty-one students completed Clandestine Operations Course No. 6 on 25 February 1955.

b. The fifth week of COC consisted of only three days as a result of the long weekend. The fifth and final phase of the practical problem [redacted] 25X1 was presented during this reporting period. Its re-direction and termination aspects were carried out on a seminar basis. [redacted] presentation of the successful aspects of the actual operation upon which [redacted] 25X1 25X1 is based served as a very appropriate climax for both the problem and the course.

c. A two-hour written examination, adapted to conform to the course as re-organized for this running, was given on 24 February. This exam was graded and returned to the students before their departure. ~~The fact that the class as a whole did poorly on the exam is considered to be a particularly significant point for future discussions, especially in light of the staff consensus that this class received the best instruction of any yet given in COC~~ [redacted] 25X1

d. Course critiques were submitted by COC No. 6 on the basis of the three following questions: (a) From what parts of the Course do you feel you benefited most? (b) From what parts of the Course do you feel you benefited least? (c) What suggestions for improving the Course do you have? The critiques indicate a more favorable reception than past classes.
